

RALLY BOHEMIA

Škoda

The Winners of the 36th Rally Bohemia are Juho Hänninen and Mikko Markkula
Press Release No. 20
Mladá Boleslav, 17th October, 2009

With a great success of the Škoda Fabia Super 2000 crews ended the 36th Rally Bohemia, when they have taken all the first three positions of the winner stand. The Finnish duo Juho Hänninen – Mikko Markkula rejoice from the first position.

Since the year 1995 we are witnessing again the Rally Bohemia winning by an abroad competing crew. Then the Italian Enrico Bertone had rejoiced the victory. This year, after the winning 3 out of 5 special stages, the crew from Škoda Motorsport Team Juho Hänninen with his co-driver Mikka Markkula have fought out the first place. Also the other two positions are taken by Škoda Fabia Super 2000. Jan Kopecký – Petr Starý, Hänninen's team colleges ended up the second and Norwegians Andreas Mikkelsen – Ola Floene took the third place.

The last time, when we were witnessing the Škoda brand ruling the winner stand, was in the year 2001. Then Roman Kresta had won, Emil Triner the second and Bruno Thiry the third. All of them were driving Škoda Octavia WRC.

A great achievement on the track was given by Václav Pech and Petr Uhel on the fourth position, the fastest duo in the class N car. But even that wasn't enough for gaining the title, for which they have been fighting for on the 36th Rally Bohemia.

The absolute rally champions of the Czech Republic have become Roman Kresta and Petr Gross, who even with a small hesitation in today's initial special stage defended the same success from the last year.
