The 37<sup>th</sup> volume of the Rally Bohemia belonged without question among the tips of this years' motor season. In several ways it was really exceptional. The participation of crews of the Polish Championship, beautiful special stages, unbelievably matching fights, dramatic final and a countless number of spectators around the tracks – it all have joined together into a real motor holiday.

*“Of course the whole lot of worries fell off from all of us on Sunday and we all are glad, that this years' volume of the Bohemia went well. These are not just my words, that would be too immodest, but I've heard them from the very crews at the finish ramp and that pleases me really a lot,”* says the Chief of the Organization Committee, Pavel Dušánek and adds: *“I would like to very truly thank all, who have participated on this event. The biggest thanks naturally goes to the partners and sponsors, above all the Škoda Auto Company, the Town of Mladá Boleslav and the Liberec Region, without which the Bohemia wouldn't run. Then comes all the crews, I thank the Polish Federation for including us into their championship, which has increased the prestige of the event. The great thanks belong to all organizers. It is impossible to name them all; during the weekend there were participating on the organization of the event about 1500 people. We thank to all journalists, photographers, cameramen and pressmen for their work, it wasn't easy for them in that hot weather. And the last but not least we thank all fans. It was them who have creates such a coulisse of this years' volume of the Rally Bohemia.”*
