

The Rally Bohemia – in the Sweet Hole

Press Release no. 03
Mladá Boleslav, 1st April 2012

The Rally Bohemia has published on its internet website a timetable, which almost four months in advance reveals that the competitive crews taking part in the 39th Rally Bohemia will get to such places, which they could hardly imagine. For instance special stages named the Sweet Hole and the Deer's Corner are waiting for them out there. The organizers of one of the most popular local rallies heard out the crews taking part in the MMČR Series and brought the track into new unseen places. Already saying the name of the special stage out loud draws the attention.

The Tracks Officer of the 39th Rally Bohemia, Petr Pavlát, said: **“The local councils have urged us this year to keep the speed limits during reconnaissance rides and to check on unauthorized training. This led to an agreement with some of them to place the speed cameras on selected points. These cameras will be included into their existing monitoring systems. The participants of the 39th Rally Bohemia will be monitored also in the Sweet Hole and the Deer's Corner for sure.”**
