

## Sosnová during the Rally Bohemia offers show

Press Release no. 04  
Mladá Boleslav, 4<sup>th</sup> April 2012

### **Last couple of years the Global Assistance Racing Arena in Sosnová is the inseparable part of the Rally Bohemia.**

The parallel special stage in the Global Assistance Racing Arena in Sosnová near Česká Lípa town, very attractive for spectators, is every year a part of the Rally Bohemia. Thousands of spectators can behold on two cars on track at the same time and so instantly evaluate, which of drivers is more successful in the mini duel. From the dedans in autodrome the majority of track can be seen, which as same as last year will undergo several minor amendments for the Rally Bohemia. Artificial jump created last year followed by gravel passage has met a very positive public acceptance. The organizers of the 39<sup>th</sup> Rally Bohemia are planning to build even better jump again. It will be parallel and situated right after start line directly in front of spectators sitting in dedans.

Right after finishing the special stage of the Rally Bohemia on Saturday 14<sup>th</sup> July 2012 the Global Assistance Racing Arena will be also a place of the special stage for the Historic Show. All the legendary drivers from recent history will show off their cars there. The track at autodrome in Sosnová will be the last special stage of the Historic Show, so it can be expected they will take the advantage if it and perform the real show.

Special stage 9 – Sosnová, at the premises of the Global Assistance Racing Arena, starting on Saturday 14<sup>th</sup> July 2012 at 17:34 will bring to spectators a wonderful experience also because of the reason that the autodrome provides enough space for drivers and their drive at the edge having no fear from damaging their vehicles as the track is lined with escape zones. It all is punctuated by traditionally great background of the autodrome prepared for attendees and visitors, where same as in previous years stands with refreshments and souvenirs won't be missing.

The Head of the 39<sup>th</sup> Rally Bohemia Organization Committee, Pavel Dušánek: **“The special stage in the Global Assistance Racing Arena in Sosnová is very important to us. It is kind of an icing on the cake. Thanks to a great background we can offer to visitors the real show within the comfort of dedans, where they can see everything going on on track. We are preparing a lot of surprises, which we are tuning up with our partners now. Namely it is simplified entry into the arena thanks to their program. Another example does not necessarily take place on the track, it might be hovering over it, but now I can't reveal more than this. Worth visiting this year for sure.”**
