## **CORPORATE IDENTITY RALLY BOHEMIA 2015**

The large logo patronizes always one particular season of the RALLY BOHEMIA. It is used on all Rally Bohemia official materials and applies to the whole year in which the competition takes place.

When smaller size is needed the logograph is used instead. The logograph is contained by the logo of the competition itself and also by all official papers and materials, where large logo can't be used.
